Statement of Purpose

As Social Work England registered social workers, Ragdoll Training and Therapeutic Services' intention is to provide accessible therapeutic interventions, assessments and training tailored to meet the needs of the client. This is enhanced by Alex Machon's registration with BAPT as a Play Therapist.

The 'needs' of the client will be assessed as appropriate. The assessment process will be negotiated with the commissioner and agreement reached about how that assessment of need would be reported before decisions are made about whether a therapeutic intervention will be provided.

'Accessible' refers to methodology of work, identifying a therapeutically appropriate and helpful location for work and negotiating payment for the work.

As the range of interventions offered is diverse and highly tailored, often it is more appropriate to refer to principles (Social Work England and BAPT) rather than formulate firm policy.

Alex and Sue are currently insured for Public Liability, Professional Indemnity insurance and legal expenses insurance through Nagalro. Certificates are available on request.
